Children Participation & Leadership – Progress

- Active participation in educational, cultural, and life-skill activities improved confidence and self-expression.
- Regular platforms like Bal Sabha, Dainik Sabha, and monthly meetings encouraged children to share opinions and take decisions.
- Formation of committees (with rotating captains & vice-captains) strengthened leadership, responsibility, and teamwork.
- Sister Group system built peer support, bonding, and care among younger and older children.
- Engagement in programmes by Bhumi & Deepani Encore LLP enhanced awareness on social issues, values, and personal development.
- Children led sessions on hygiene, environment, discipline, and child rights, promoting ownership and initiative.
- Participation in school events, competitions, and public programmes improved confidence and presentation skills.
- Exposure visits and external interactions broadened perspectives and communication abilities.
- Creative activities (art, drama, storytelling) strengthened teamwork and leadership skills.
- Senior girls actively mentored juniors, promoting peer learning and guidance.
- Suggestion box system ensured children's voices were heard safely.

PARENTS' ENGAGEMENT

- Monthly Parents' Meetings held regularly (last Saturday) to share updates on children's education, health, hygiene, nutrition, and behaviour.
- Awareness sessions conducted on key issues like child marriage, addiction, family planning, personal hygiene, digital awareness, and emotional well-being.
- Strong communication system maintained through meetings, home visits, and regular follow-ups with parents/guardians.
- Parental involvement encouraged in school activities, celebrations, and decision-making for children's care and development.
- Support for documentation: Guidance on bank accounts, birth certificates, and safe record-keeping to improve access to services.
- Health & safety coordination: Parents informed and involved in medical decisions and treatment follow-ups.
- Personalized support provided through individual interactions addressing behavioural and mental health concerns of children.
- Pre-holiday orientations & workshops conducted for parents on emotional development, safe boundaries, and parenting practices.

Overall Outcome:-

Consistent family engagement strengthened trust, shared responsibility, and a supportive environment, contributing to the holistic development and well-being of children.

Team Training & Capacity Building – Monthly Summary

Capacity building focused on child protection, planning, digital skills, communication, and staff well-being, with support from key organizations and experts

Month	Major Training Focus	Resource Person / Organization	Key Outcome
May 2025	Long-Term Strategy	Rainbow Homes / Smile Foundation	Future planning and strategic direction
June 2025	Team Mentoring & Well-being	Internal / Senior Team	Improved emotional well-being and role clarity
July 2025	Capacity Building & Child Protection	Ms. Mereca, Sr. Priyanka; CNLU Patna	Better strategy mapping, documentation, child safety understanding
August 2025	Financial Strategy	Rainbow Homes National Office	Strengthened financial planning and sustainability
September 2025	Reflection & Digital Skills	Heartfulness Organization; Cognizant (Mr. Swarna)	Team well-being and improved Excel skills

Emotional & Community Support	Interns, Sisters, volunteers, international visitors	Mentoring, celebrations, bonding activities	Improved emotional well-being and sense of belonging

KEY CHALLENGES

1. Emotional & Behavioural Challenges

- Difficulty adjusting to staff changes and caregiving transitions
- Emotional stress after returning from home visits/holidays
- Occasional low motivation and behavioural concerns

2. Space & Infrastructure Constraints

- Limited living space for a large number of children
- Overcrowding affecting comfort and daily management

3. Resource & Funding Limitations

- Limited funds impacting food variety and nutrition support
- Constraints in arranging emergency healthcare

4. Documentation & Access Barriers

- Lack of ID documents delaying scholarships and benefits
- Administrative delays in accessing services

5. Health-related Challenges

- Seasonal illnesses (infections, malaria risk)
- Need for continuous medical monitoring and support

6. Family & Social Environment Issues

- Unsafe or unstable home environments during holidays
- Family-related uncertainties affecting children's well-being

7. Management Challenges (Large Group Care)

- Managing a high number of children with diverse needs
- Increased responsibility on staff and senior children

“Angel’s Journey of Resilience: From Emotional Struggles to Strength Through Support, and Reconnection”

Angel, (real name not share) a 17-year-old student of Class X at St. George’s School, has shown remarkable strength and growth despite facing deep emotional challenges, including abandonment, family instability, and difficulties in acceptance from her mother. She is talented in drawing, art and craft, and group dance coordination, which have become important outlets for her expression and confidence-building. After a long period, her mother was traced about six months ago, and since then continuous efforts have been made to rebuild their relationship while supporting Angel’s emotional well-being. Alongside this, she has been facing documentation challenges for her NIOS enrollment, but with active parental involvement, school support, and consistent guidance from LRHF management, the process is gradually progressing. Though she often struggles with feelings of loneliness and emotional hurt, the consistent care, counselling, and supportive environment have ensured she never feels abandoned, as she strongly believes the home stands by her. Efforts are ongoing to strengthen the mother–child bond, with gradual positive steps such as short home visits and her mother’s increasing involvement in documentation and encouragement. Angel’s journey reflects resilience and hope, showing how sustained support, patience, and care can help a child move forward despite ongoing challenges.

We sincerely thanks all of our staff members, partners, donors, volunteers, and families for their unwavering support in making this Annual Progress possible. All our dedication, care, and collaboration have strengthened every aspect of the children's growth—from education and health to emotional well-being . Despite challenges, the resilience and progress of the children continue to inspire us. With deep gratitude and hope, we look forward to continuing this shared journey of nurturing, protecting, and empowering every child.
